

LOBBY CHAIR SERIES

LU-5300
(60.43Wx22.36Dx16.81H)

Seat Plate: One-piece general flat plate, cushioned with molded polyurethane foam for cushioning.
Armrest: None.
Frame and Legs: Aluminum die-casting with powder coating.
Foot: Plastic injection molding for the base.

Design Features:

A practical and convenient design emphasizing harmony and utility for lobby chairs. It provides a comfortable lounge space, serving as a focal point in lobby interiors that create beautiful spaces. The sturdy steel frame and legs ensure durability and safety, while the simple design and clean finishing contribute to cultivating a new cultural space for conversation and negotiation.

Function and Features:

Seat and backrest designed to flexibly conform to the human body's shape, providing comfortable seating. Customizable seating capacity and table combinations to suit user environments. Knockdown system allows on-site assembly for added convenience.
