

Executive Collection SETINA SERIES

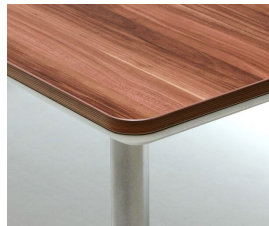

SETINA series provides a simple design to create a more open space. SETINA is perfect for those who consider practical value over authority and choose to be different in style.

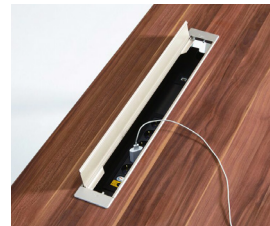

DETAILS

4-legged desk creates a lighter, more open atmosphere, and simple design with metallic colors provides a modern look.

The corner of the surface is rounded to provide a safe and soft design.

Wire management can be done neatly, and the cover with bumper closes smoothly and silently.

A pen tray can be installed at the bottom of the surface to organize writing instruments and items.

The drawer with castors can be moved freely.

Metallic material and simple embossed round handle complete its sensible design.

Push-open mechanism of the door makes it easy to open by pressing the door lightly.

MATERIALS

OB : Veneer
OBL : Laminate
MOB : Veneer + Laminate

Laminate

Laminate

* The work surface is OAK veneer with urethane coating finish, while other parts are OAK melamine. As a result, there may be a difference in color between the horizontal and vertical surface.

* For One-Key System application, a separate order for key / core is required.

* Due to the nature of natural wood, there may be discoloration when exposed to ultraviolet rays over time.

* Color and pattern of each product may differ from one another as wood veneer has its own natural color and pattern.
