QTY	Part Number	Description
2	B4WBSTB	Bronco Extended Spare Tire Bumper

### **Step 1:**

Park the vehicle on a level surface and remove the spare tire.

### **Step 2:**

With a Phillips screwdriver remove the plastic screws inside the factory spare tire bumpers. If the screw is not threading out, take a small pick between the head of the screw and the retainer and pull the screw out with the pick.

### **Step 3:**

Reinstall the spare tire to the bronco and measure the distance between the spare tire and the tailgate in the location where the bumpers were removed.

### **Step 4:**

Cut the extended bumpers  $\frac{1}{4}$ " longer than the measurement in step 3. Sand the cut end down until it's smooth.

### **Step 5:**

Remove the spare and install the bumpers to the vehicle using the factory plastic hardware.

## **Step 6:**

Reinstall the spare tire.

# **Congratulations! You Have finished the installation of the Barnes4wd Bronco Extended Spare Tire Bumpers**
