

Natralus Natural Paw Paw Balm

Safety Data Sheet

NON-HAZARDOUS GOODS

Issue Date: June 2023

IDENTIFICATION

Product name:	Natralus Natural Paw Paw Balm	
Product code:		
Company Name:	Natralus Australia P/L	
Address:	PO Box 1665 Mount Barker South Australia 5251 Australia	
Emergency Contact:	P: (08) 8382 3000	E: admin@natralus.com.au
Poison Information Centre	131126 (Australia)	0800 764 766 (New Zealand)

A copy of this SDS has been provided for the Company for issue to the relevant Poisons Information Centre.

HAZARDS IDENTIFICATION

GHS Classification	Based on the available information, not classified as Hazardous according to the Globally Harmonized System classification and labelling of chemicals (GHS 7) referenced to Safe Work Australia. Not classified as Dangerous Goods by the criteria of the Australia Dangerous Goods Code (ADG) for Transports by Road and Rail; <u>Classification of the substance or mixture:</u> The following GHS statements fall outside the scope of the Workplace Health and Safety Regulations: H320: Causes eye irritation H302: Harmful if swallowed H402: Harmful to aquatic life
Label & Precautionary Statement	For External Use Only. Avoid eyes. Discontinue use if skin irritation occurs.
Recommended Use	Skin Care
Restrictions on Use	None Known

INGREDIENT INFORMATION

The Ingredients are listed on the label.

<u>Ingredient</u>	<u>CAS</u>	<u>Proportion</u>
Phenoxyethanol	122-99-6	<1%

Other Ingredients determined not to be hazardous: Balance

The formulation is proprietary. The manufacturer will make this information available to medical personnel in the event of emergency.

FIRST AID MEASURES

Swallowed:	Not meant for ingestion. If swallowed accidentally, do not induce vomiting. Wash mouth with water. If symptoms develop or persist, seek medical attention.
Eye:	May cause eye irritation. If product gets into eye, hold eyelids apart, flush continuously with running water until contaminants are washed out. Contact lenses may be removed by casualty, with clean hands in a clean environment. Seek medical attention.
Skin:	Not Applicable under normal use. This product is intended for contact with skin. Discontinue use if skin irritation develops. If symptoms persist, seek medical attention.
Inhalation	Not applicable under normal use.
Medical Attention/Special Treatment	Treat Symptomatically.

FIRE FIGHTING MEASURES

Suitable Extinguishing Media	Use appropriate fire extinguisher suitable for surrounding environment.
Specific Hazards	No significant fire hazard under normal circumstances.
Special Protective Equipment and precautions for Firefighters	Fire fighters to wear self-contained breathing apparatus and suitable protective clothing if there are risks of exposure to vapours or products of combustion. Exercise caution when fighting any chemical fire. Do not enter fire area without proper protective equipment. Avoid fire-fighting water from entering environment.

ACCIDENTAL RELEASE MEASURES

Personal Precautions, protective equipment and Emergency Procedures	Evacuate unnecessary personnel. All personnel involved in containment and disposal should wear appropriate protective eye protection. In the event where there exists high vapour concentration, wear an approved organic vapour respirator. Equip clean-up crew with proper protection.
Environmental Precautions	Ventilate area well. Prevent run-off into drains and waterways. Notify authorities if liquids enter sewers or public waters.
Containment and Clean-up	Eliminate ignition sources and prevent static discharge - no smoking. Contain the spill by using an inert absorbent (e.g. soil, sand). Sweep, shovel or pump into suitable bins. Prevent run-off into drains and waterways. Use water jet to disperse vapour. Clean surface (floor) thoroughly. Any residues may cause floor to be slippery.

HANDLING AND STORAGE

Precautions for Safe Handling	Wash hands and other exposed areas before eating, smoking, drinking, using toilet facilities or when leaving work. Provide adequate ventilation in processing area to prevent formation of mists or fumes. Keep containers sealed when not in use.
Safe Storage	This product is for human use. Keep away from products for pets. Store away from dangerous chemicals, naked flame, ignition sources or heat. Store in original containers. Keep container closed when not in use. Keep Out Of Reach Of Children. Store in a cool, dry, well-ventilated place below 30°C.
Incompatibilities	Not known

EXPOSURE CONTROLS/ PERSONAL PROTECTION

Exposure Standards	No exposure standards available
Biological Monitoring	No biological limits available
Engineering Control	No special engineering controls required
Personal Protection	Not required under normal conditions of use

PHYSICAL AND CHEMICAL PROPERTIES

Physical State	Semi-solid
Appearance	Smooth Balm
Colour	Yellow
Odour	Characteristic odour
Odour Threshold	No data available
pH	Balanced
Relative Evaporation Rate	No data available
Melting Point/ Freezing Point °C	No data available
Boiling Point/ Boiling Range °C	No data available
Flash Point °C	Not flammable
Auto-Ignition Temperature °C	No data available
Decomposition Temperature °C	No data available
Flammability	No data available
Explosive Limits	No data available
Evaporation Rate	No data available
Relative Vapour Density	No data available
Vapour Pressure	No data available
Relative Density °C	Approximately 1
Solubility	Dispersible
Viscosity, Kinematic	No data available
Viscosity, Dynamic	No data available
Explosive Properties	No data available
Oxidising Properties	No data available

STABILITY AND REACTIVITY

Chemical Stability	Stable under normal storage conditions
Reactivity	No additional information
Possibility of Hazardous Reactions	No additional information
Conditions to Avoid	Heating above recommended storage conditions. Keep away from dangerous chemicals, ignition sources, static, heat or flames.
Incompatible Materials	No data available
Hazardous Decomposition Products	No data available

TOXICOLOGICAL INFORMATION

Acute Toxicity	No data available
Skin Corrosion/ Irritation/ Sensitisation	Non-irritant, Non-sensitiser
Serious Eye Damage/ Irritation	No data available
Respiratory Sensitisation	Keep away from dangerous chemicals, ignition sources, static, heat or flames
Germ Cell Mutagenicity	No data available
Carcinogenicity	No data available
Reproductive Toxicity	No data available
Specific Target Organ Systemic Toxicity (STOST) - Single Exposure	No data available
Specific Target Organ Systemic Toxicity (STOST) - Double Exposure	No data available
Aspiration Hazard	No data available
Exposure Toxicity (Route):	
Swallowed	No data available
Inhalation	No data available
Skin Contact	This product is meant for use on human skin. If irritation occurs, wash affected area and discontinue use.
Eye Contact	Accidental spill may cause eye irritation. Wash affected area and seek medical help.
Early Onset Symptoms related to Exposure	No data available
Delayed Health Effects from Exposure	No data available
Exposure Levels	No data available
Interactive Effects	No data available

ECOLOGICAL INFORMATION

Ecotoxicity	No data available
Persistence and Degradability	No data available
Bioaccumulative Potential	No data available
Mobility in Soil	No data available
Germ Cell Mutagenicity	No data available
PBT/ vPvB	No data available
Other Adverse Effect	No data available. Avoid release to environment.

DISPOSAL INFORMATION

Waste Disposal	Dispose in a safe manner according to local regulations or by-laws. Avoid large quantities of the product released to environment. Do not dispose into sewerage systems, drains or waterways.
----------------	---

TRANSPORT INFORMATION

Transport Compliance	
Road and Rail Transport (ADG Code)	Not classified as Dangerous Goods according to the Australian Code for the Transport of Dangerous Goods by Road and Rail (ADG Code) (7th Edition).
Marine Transport (IMO/ IMDG Code)	Not classified as Dangerous Goods by the criteria set out in the International Maritime Dangerous Goods Code (IMDG Code) for the transport by sea.
Air Transport (ICAO/IATA Code)	Not classified as Dangerous Goods by the criteria set out in the International Air Transport Association (IATA) Dangerous Goods Regulations for transport by air.
IMDG Marine Pollutant	No data available

REGULATORY INFORMATION

Regulatory Compliance	
GHS	Not classified as Hazardous according to the Globally Harmonised System of classification and labelling of chemicals (GHS7) including Work, Health and Safety Regulations, Australia
SUSMP/ AUST R/ AUST L	Not classified as a Scheduled Poison according to the Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP).
AICS (Australia)	Components of this product are listed on the Australian Inventory of Chemical Substances (AICS) or exempted

OTHER INFORMATION

Date of Issue: June 2023	SDS Version Number: 02
Reason For Issue:	5 yearly review - Review based on GHS7, current regulations and Model Code of Practice: Preparation of safety data sheets for hazardous chemicals (safework.sa.gov.au)

DISCLAIMER: The information contained herein is limited to the material(s) identified and is believed to be correct based on information and knowledge as at the date of issue. Natralus Australia makes no warranty, expressed or implied, as to the accuracy, completeness or reliability of the information and disclaims all liabilities for any injury, damage or loss resulting from the use of the material.

While a chemical or product that is not hazardous does not require a SDS, one can be prepared and should be done in accordance with the referenced Code of Practice, so far as is reasonably practicable.
