FS-550D

Save time and money by using the FS-550D electric coin counter to quickly and accurately sort your loose change!

Highlights

- **High Speed** – Fast operation of 156 coins per minute

- **High Volume** – Large hopper of 200 coins allows the user to sort more coins at once

- **Patented Anti-Jam Technology**– Anti-Jam Technology allows you the ease of error free coin sorting as the machine will adjust the motor to prevent coin jams

- **Digital Display** – LCD Display keeps count of all coins counted by denomination and total sum

Ideal for retail & service businesses, restaurants, offices, and more!
