

LUCIDA MYSTICA

PRINTING GUIDE

First of all, thank you for supporting my shop!
I hope these digital art files bring beauty and elegance
to your home.

WHERE TO PRINT

The digital files included are large and hi-quality so
you can easily print smaller in size using the guide on
the next page.

I recommend using professional laser jet printers and
thicker weight paper for best quality results.

You can have them printed at any business that offers
professional print services such as Fedex Office,
Staples, UPS Store, or Walgreens. You can also order
products online with companies like Shutterfly, Zazzle
or Snapfish.

*If you have any questions or concerns feel free to contact me at
