

Image & video archive (The Archive)

The Archive

You can click on the link at the bottom of our website or under B2B at the top right. Use the same code as when you log into your computer.

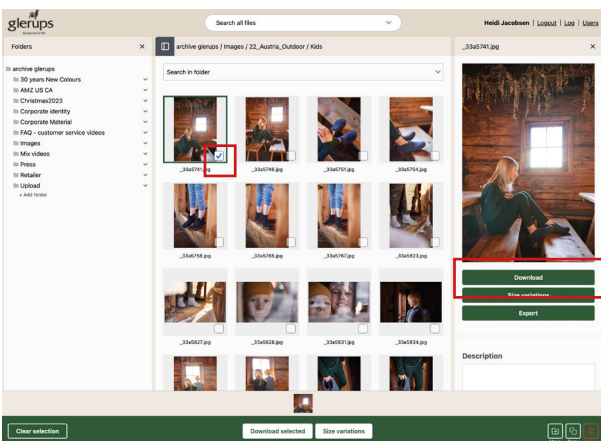

If you have problem logging in, you can ask for a new password.

You will find image and video material on The Archive.

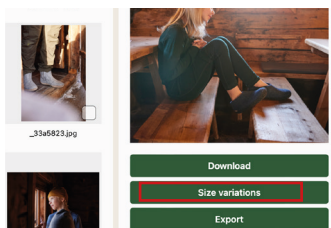

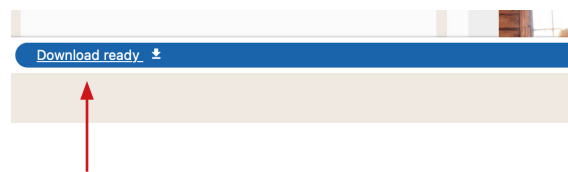

When we create campaigns, you can also find the material here.

Feel free to look in the folders and download what you need.

You can download a single image by selecting and click download.

Or several by selecting them all – wait for the collection to be ready and click Download ready.

Under Size variations, you can choose whether the files should be in a smaller format, e.g. for newsletters, web or social media.
