## SIDE TABLE

## Almond Side Table 杏仁边几

杏仁边几是一款为了灵活使用而设计的边几。它可以搭配休闲椅，沙发，墩体等坐具使用，作为置物或者工作台面，在使用完后亦可以轻易地被搬动。

它由圆柱形的金属支撑柱连接面板和支撑底板，以最为简洁的设计语言实现产品的造型和功能。杏仁边几的C型结构以及薄薄的底板，增加了腿部活动空间，也让它可以灵活地插入沙发底部的缝隙，适用性更高。

表面的胡桃木色让以黑色为底座的产品增加了一丝居家的温暖感受，更加适配现代的居家空间。

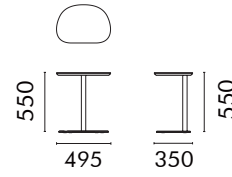

Almond Side Table was born to provide flexible versatility of both end table and side table, matching lounges, chairs, couches, puffs and other furniture. This easily carried and moved C-shaped piece allows you to slide it under the couch or chair for an easy-to-use laptop or tablet table.

Almond Side Table features with walnut veneer and black metal base. Its metal cylinder connects the tabletop above and the base plate below, offering a look of versatile and minimal design. This C side table is perfect for the stylish individuals who cares about lifestyle.
