黄油沙发偏软款提供了羽绒填充的座椅，给人一种格外柔软的坐感，邀请使用者躺着享受。

grado 开发了更多的类型的沙发，例如壁炉沙发，适用于客厅或洽谈区，还有不同尺寸的沙发脚墩，作为脚凳或边桌，以及自由组合模块的沙发，有不同的组合和用途。无论是公寓、工作室、房子还是别墅，都能找到合适的选择。

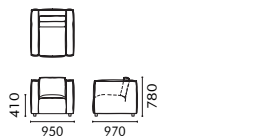

Down-filled seat is one of the most significant upgrades in this Butter Sofa Soft. It offers a superiorly soft seating comfort, always inviting people to have a recumbent enjoyment.

We have been exploring on brand-new possibilities: the sofa for living room with fireplaces and for negotiation area in work space; the pouf of different sizes also serving as footstools or side tables; and the modular set, used separately or together, meeting various needs. You can always get what you want from grado no matter where you live -- apartment, studio, house, or villa.
