

# TORII SERIES

## Torii Cabinet Series 托里柜系列

回归原始和存粹是托里柜体系列的核心想法，提炼日式鸟居极简的建筑语言，脚架采用其拼接和承重原理，运用简洁凝练的设计语言表达对建筑的再设计。

"Returning to the original" is the core idea inspiring the Torii Cabinet Series. This design translates the traditional Japanese gate of shrine into a furniture for storage via a minimal architectural language.
