Instructions

- 1. Your design should cover the whole grey area including the bleeds.
- 2. Keep all important text and graphics within the RED sewing lines
- 3. Convert all texts to outlines or contours. We might not have the fonts you have used.
- 4. Use CMYK or Pantone colours only, no RGB colours. Pantone codes must be provided for colour matching.
- 5. The minimum resolutions of any image is 100 dpi
- 6. We only accept pdf files. Please make sure that all images or graphics are embedded in the file.
- 7. Use dropbox.com or similar for large size files Any question please use "Customer Service" page
