WHAT'S INCLUDED

True HEPA&Activated Carbon Replacement Filter ×1

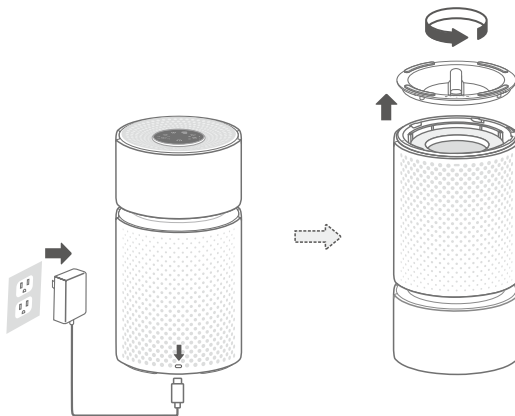

User Manual ×1

REPLACING THE FILTER

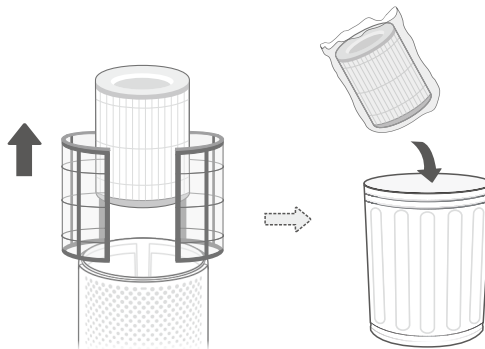

Step 1:

Unplug the air purifier and turn it over, then remove the filter cover.

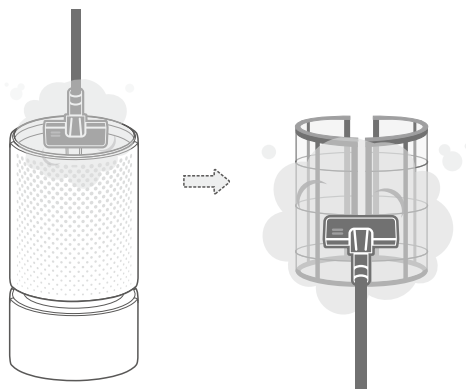

Step 2:

Take out the HEPA&Activated Carbon Filter and the Pre-filters, then dispose of the old HEPA& Activated Carbon Filter properly.

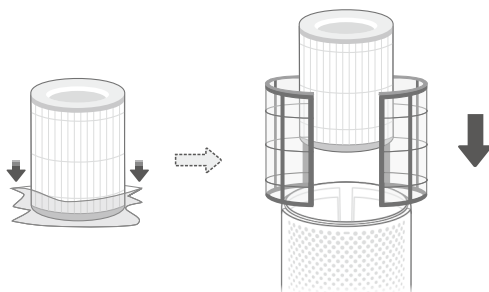

Step 3:

Vacuum inside the filter compartment and the **Pre-filters**, or wipe them with a damp cloth and make them dry completely.

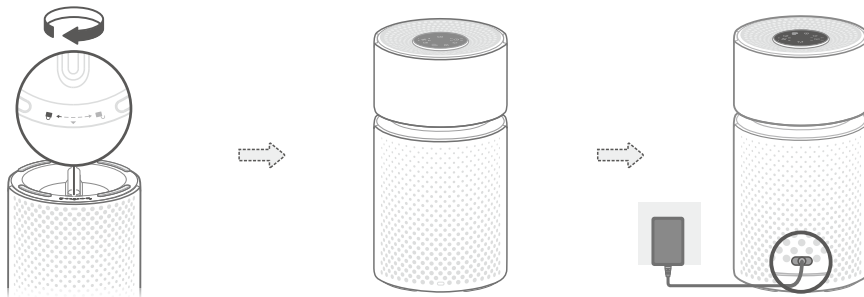

Step 4:

Remove the protective plastic bag from the **HEPA&Activated Carbon Replacement Filter**, then reinstall the filter and the **Pre-filters** into the air purifier.

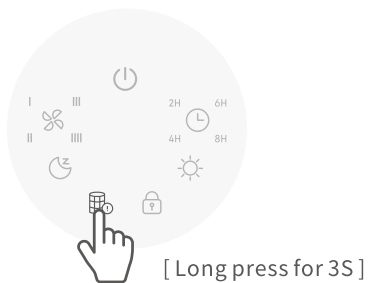

Step 5:

Close the filter cover, then turn over the air purifier and connect it to a working outlet.

Step 6:

Long press  for 3 seconds to reset the air purifier.

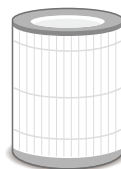

MORE OPTIONS FOR THE REPLACEMENT FILTERS

NA-AP500FT(White)

The filter purifies the air by trapping fine particles such as dust, pollen, pet dander, mould spores and bacteria while neutralizing regular household odors.

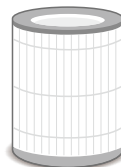

Recommended for: Allergies, dust and slight odors

NA-AP500FT(Yellow)

With all the benefits of the original filter, **Vigoair P5-RF(Yellow)** is especially designed for strong smells such as pet odors and cooking smells.

Recommended for: Pet allergies or bad smells

NA-AP500FT(Purple)

With all the benefits of the original filter, **Vigoair P5-RF(Purple)** is customized for severe air pollution, cigarette smoke, vehicle emissions, toxic gases and fumes, volatile organic compounds (VOCs) and smoke from wildfires.

Recommended for: Severe air pollution or smoky environment
