

How to assemble Rider Terry.

1. Flip over rider terry base frame and install the rear wheel connector. see figure A.

2. Slightly pull the lock latch, refer to figure B

3. Lift handle of stroller up until you hear a "click", refer to figure C & D. Make sure you hear the click every time you unfold.

4. Make sure you hear the click every time you unfold. Also check if the stroller is not folding.

5. Install the rear wheel first and like the picture install the parts plastic pieces 1-2-3 order. See figure E. Follow the same instruction on the other rear wheel side as well.

Install the front wheel. See figure F. Follow the same instruction on the other front wheel side as well.

6. Instructions to use brake system: Press down the brake step shown in Figure G.

7. Instructions to use lift assist: When there is an obstacle occurs such as sidewalk that you must go over please carefully press down on the indicated step system. See Figure H. Please do not press the brake system as it is another function. Warning: Please make sure you slowly lift to ensure your pet(s) don't get scared.

Instructions to open Rider Terry:

1. Unlatch the lock as Figure I then lift up the handle to its upright position.
2. Please check and ensure that the joints are secure.

Instructions to Fold Rider Terry:

1. Make sure you FULLY unzip the canopy (FULLY opened).
2. Slide the lock and firmly press the button on the other side of the handle and lightly bring down the handle to the ground. See Figure K for reference.
3. Once the handle is on the ground make sure the lock is latched on to the frame. Then safely store the stroller.

If you have any questions or concerns about this product or this user manual please contact us before using the product. We are looking forward to hearing from you.

· KEEP THESE INSTRUCTIONS FOR FUTURE REFERENCE

Warning : Never leave your pet unattended. It may be dangerous. This product is not suitable for running or skating. To avoid injury ensure that your pet or anyone kept away when unfolding and folding this product. Please follow the instructions and precautions carefully to use the product safely and correctly. Failure to follow these instructions and precautions when using the Product runs the risk of causing serious injury or damage to you, the user, pets, others, and property around you.

1. Always make sure the pet harness is attached to the stroller when using the stroller. Please keep your pet from jumping out and falling off the stroller.
2. Do not leave your pet unsupervised in the stroller. Do not leave your pet in the pet stroller for extended periods of time.
3. Do not leave the stroller on a slope when the pet is seated in it, even if the brake is engaged. Brake efficiency is limited on high gradients. Be careful of steep slopes.
4. Be careful not to get your fingers caught when folding the stroller.
5. Make sure to remove your pet in a safe location before folding the stroller.
6. Do not carry items, children, or people on the stroller. For pets only.
7. To prevent the stroller from becoming unstable, do not place parcels or accessory items anywhere except in the storage basket and pockets provided. DO not hang items such as shopping bags from the frame.
8. Do not park the stroller on ramps.
9. Zipper up(lock) the canopy for safety when strolling.
10. Before assembling, verify that the products and all its components have not been subject to damages during transport. Should this be the case, do not use the product and keep it out of reach of pets and children. Be sure to check that there is no corrosion or damage to the product before use.
11. On unpaved roads, snowy or wet roads, the brake efficiency may decrease. Be careful as the wheels may slip and cause accidents.
12. Any goods carried in the basket not to exceed 3kgs (6lbs)
13. Only use Buddyduggy replacement parts.

This stroller is for pets (dogs and cats) weighing less than 30KG(66lbs). Do not use the stroller for any other purpose.

Due to differences in pets behaviors and individual differences, weight limits may vary.

· Please check the following 3 steps when placing and removing your pet from the stroller bassinet.

1. Ensure that all locking devices are engaged before placing and removing your pet from the stroller.
2. Be careful when folding, as pets may get caught.
3. Make sure the bassinet is properly installed on the frame.

· Other precautions, care, and maintenance.

1. Injuries and accidents caused by the unexpected behavior of pets, please be careful.
2. If the product is used or stored excessively, it may be damaged or the parts may wear out quickly.
3. Our warranty does not cover accidents caused by improper repair, modification or misuse.
4. Do not leave the stroller and bassinet in direct sunlight for long periods of time as this may cause color change in some materials. Please keep it in a well-ventilated place.
5. Please do not leave the product out in the rain or damp places.
6. The stroller should not be used near an open fire or exposed flame.
7. If stored in an unclean state, it may cause fleas and mites to breed, so please keep it maintained and clean.
8. In order to keep the stroller in good condition, it is necessary to use the product cleanly and pay attention to its maintenance.
9. Inspect the stroller and accessories regularly for signs of damage and wear.
10. Check the shape of the metal parts for deformation or cracks and stop using if there are any problems.
11. For plastic and metal parts, wipe the contaminated area with a dry towel.
12. Do not use cleaning agents such as abrasives, solvents, ammonia or bleach.
13. Gently wipe the hood and seat with a clean cloth and dry them completely.
14. Do not machine wash, iron, bleach, and dryer. Gently wipe the plastic and petal parts with a wet cloth. Dry thoroughly after cleaning.
15. Brakes and wheels are subject to wear and should be replaced if necessary.
16. Do not apply excessive force to the wheel or frame, and if in doubt, check the instructions.
17. Use only genuine parts supplied or recommended by buddyduggy.
18. Moving parts may be lubricated with WD-40 spray or other silicone coating products. Do not use products containing oil or grease.
19. Regular inspection prolongs the life of your stroller.

This warranty does not cover:

- Defects caused by misuse or poor maintenance; please refer to the product manual for guidance on item use and maintenance
- Damage caused by improper installation of BUDDY DUGGY parts and/or accessories; please refer to product instruction booklet for guidance on item assembly and use
- Damage caused by corrosion mold or rust

- BUDDY DUGGY reserves the right to determine if warranty terms and conditions have been met.

CARE INSTRUCTION

- Do not machine wash.
- Do not use bleach or aggressive detergents
- Do not tumble dry
- Do not iron
- Do not dry clean
- Always use cold water and mild soap to give the entire fabric area and canopy a good cleaning with a damp cloth. For the chassis: clean
- With a dry towel, wipe away excess water and soap.
- Let the fabric air dry in a warm place, but not in direct sunlight.
- Routinely inspect and maintain your stroller.
- For the chassis: clean with a soft towel and lukewarm water. Make sure to wipe off any remaining water with a dry cloth. Use a soft brush to clean any dirt and sand from the mechanisms and plastic parts of the chassis.
- Wheels : Use a soft towel, brush, and water to clean dirt on the wheels. Periodically, remove the wheels from the chassis and brush off any dirt or sand in the wheel parts.
- After washing all parts make sure to always reassemble and check if all is working properly as instructed in the user guide.
- Wet conditions : Store your Bugaboo stroller and its accessories in a dry place and leave them to dry unfolded to prevent mold.
