Our story

Founded by George Baxter in 1868 with a mission to 'be different, be better', a small grocery shop called Baxters was opened in the wee village of Fochabers, on the banks of the River Spey. Today, Baxters is a fourth-generation Scottish family business run by Audrey Baxter with global operations in US, Australia and Europe. Baxters produces some of the nation's finest soups, jams, and chutneys, and is passionate for great tasting, flavourful, high-quality food.

People are at the heart of the Baxters family and we are delighted to collaborate and support other Scottish businesses through our Baxters of Scotland hampers and gift boxes range. Each Artisan has been carefully selected to bring you the most premium and thoughtful assortment of food and drink from across Scotland. From brands found off the beaten track, we offer award-winning velvet truffle chocolates, buttery shortbread fingers, traditional sweet fudge, mature cheddar biscuits, freshly roasted coffee beans and locally grown fruity liqueurs and lemonade.

Our curations offer the best of Baxters with timeless favourites such as the classic Cullen Skink soup and Raspberry or Strawberry jam, or uniquely innovative Cool and Spicy relishes. Explore both traditional recipes or ones with a more modern twist, such as the hearty Venison, Sloe Gin and Juniper soup, or the Blackcurrant and Cassis or Damson and Sloe Gin conserves made using Scottish fruits. Exclusively available to Baxters of Scotland are the Audrey Baxter Signature products, such as a zesty Blood Orange Marmalade, and festively inspired Figgy Pudding jam or spiced Christmas chutney.

Our products

Show your appreciation and gratitude by sending a luxury Gift Box to say 'Thank you', 'Good luck', 'Congratulations' or even 'Merry Christmas' on special occasions to important key stakeholders in your business. Shop our Baxters of Scotland corporate gift range to secure the best of Scotland today.

Our makers

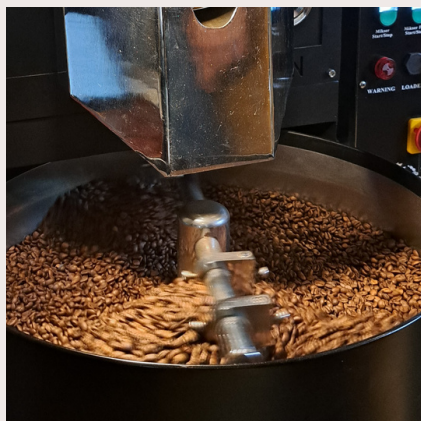

Gin Bothy

The Gin Bothy founded by Kim Cameron is based in Glamis, Angus. Gin Bothy prides itself on its connection to the Scottish Glens with a principle of respect for mountain, river and farm. Using traditional production methods and poured by hand, local ingredients of fresh Scottish berries, rhubarb and other ingredients found in the outdoors, such as pine needles, heather and other botanicals are collected to create beautiful award-winning fruit-infused gins.

Speyside Coffee Roasting Co.

Speyside Coffee Roasting Co. is a local roastery and café ran by Grant and Jody Spence in Garmouth, Moray. From Castanas farm, Brazil the coffee beans provide strong tasting notes of red apple, roasted hazelnut, caramel and cacao to produce a refined coffee experience.

Highland Chocolatier

Iain Burnett is a Master Chocolatier and founder of the Highland Chocolatier in Grandtully, Perthshire. Iain maintains a real passion for excellence and using only natural ingredients with rare cocoa sourced from the volcanic island of São Tomé and fresh cream from a local herd of Scottish Friesians. The Highland Chocolatier and his special Chocolate Kitchen is renown for creation of the world's most highly awarded chocolates, the purest velvet truffles.

Island Bakery

The Island Bakery is ran by Joe and Dawn Reade in Tobermory, Isle of Mull. The bakery is one powered by local renewable energy - wind and water generated by the hydro-electric turbine for electricity, and wood chip from Mull's timber plantations for heating the ovens - in order to foster a slow and perfect bake for an organic biscuit of outstanding deliciousness.

Shortbread House of Edinburgh

The Laing family and team of highly skilled bakers use only the finest ingredients to ensure superior taste, texture and appearance of their truly handmade luxury Scottish shortbread. Each batch of shortbread is baked to order to maintain the ultimate freshness. The Shortbread House of Edinburgh has won over 100 Great Taste Awards with consistent wins for their original shortbread recipe, which is ten times more awards than any other Scottish shortbread bakery!

Summer House Drinks

The Rennie farm in Rosehearty, Aberdeenshire has been farmed by four generations of the Rennie family to create real handmade craft sodas and lemonades made using all-natural ingredients. Fresh mint, lavender and herbs are grown in the walled garden and topped with fruit juices and a splash of sparkling water to produce refreshing flavoured Scottish lemonades.

Send a Gift from Scotland to a special someone

Show your appreciation and gratitude to a special someone by sending a beautiful and thoughtful hand-curated gift from Scotland.
