## WALL MOUNTED CABLE RETRACTOR

Keep charging stations tidy with our wall-mountable, spring-loaded cord retractor for Level 2 chargers.

- ✔ Helps extend the life of charging cables by elevating them off the ground.
- ✔ Spring loaded tether suspends the cable with effortless draw back upon retraction
- ✔ Ensure charging stations are tidy, safe and accessible
- ✔ Wall mount, pole mount or pedestal/ground installation
- ✔ Compact size and minimal footprint for small spaces.
- ✔ Keep charging cables supported overhead and out of the way
- ✔ Cable clamp features two diameters: 0.59" (for cable OD 14-17mm) and 0.82" (for cable OD 19-22mm)
- ✔ 16.4 foot retract range

# TECHNICAL SPECIFICATIONS

Model Name	Wall Mount Cable Retractor
Model Number	EAWMCR
Compatibility	All models of Watti Home & Watti Pro EV charging stations
<b>Retraction</b>	
Retract Force @ Top Lifting	5.0KG (Customized)
Retract Force @ Charging	4.0KG (20% reduction from Top Lifting)
Retract Distance	16.4 feet (5 meters)
<b>Cable Clamp Inner Diameter</b>	
0.82" for 19mm-22mm Charging Cable OD	
0.59" for 14mm-17mm Charging Cable OD	
<b>Material</b>	
Steel Housing, Powder Coat Black/White	
Stainless Steel Hardware	
Nylon Cable Clamp	
<b>Package Specifications</b>	
Package Dimensions	10.24"x11"x11"
Gross Weight	4.5KG
<b>Carton Specifications (3 units)</b>	
Carton Dimensions	13"
Gross Weight	15.5KG
<b>Retract Force Distribution</b>	
Strongest retract force output while cable is being lifted at top off the ground	
Smallest retract force output while it is in use, charging	
See Retract Force Output vs Retract Range in below table
