

## WATTI PRO PEDESTAL

A convenient charging station pedestal, perfect for parking lots and driveways where wall mounting isn't ideal.

Easy and cost-effective installation: ground-mounted with 4 bolts, concrete pad recommended.

- ✓ Robust steel construction for durability in all types of weather
- ✓ Compact size and minimal footprint for small spaces.
- ✓ Optional cable retractor for cord management
- ✓ Single and dual pedestal options available

## Optional Configurations

- Heavy-duty steel construction
- Stainless steel hardware included
- Engineered for durability & stability
- Access panel for easy installation
