**PLAYING WITH YOUR CHAMELEON**

- Off - Slide right to bring me to life
- Volume - Low to High (Based on popular demand)
- 🌟🌟🌟 I take naps after playtime. But I’m a light sleeper. A tiny touch will wake me up!

**CARRYING FOR YOUR CHAMELEON**

A Clean Chameleon is a Happy Chameleon
Just a hint: wrapping with a slightly damp cloth will do the trick!

No - Sun, Heat, Water, Hard Surface (Landing)
This breed of Chameleon is not a fan of direct sunlight or heat
nor is it at getting wet or crash landing on hard surfaces.

Battery Tip
Pop out those batteries during extended play breaks.

**CHAMELEON BEHAVING STRANGLY?**

If your Chameleon starts acting strangely, we suggest you:
1. Turn it off and then on again.
2. If that doesn’t do the trick, remove batteries and give it a minute
   or two before putting them back in and turning back on.
3. If that’s still the case, visit us online to visit our Running Chameleon
   store online, call the experts, and we’ll help!
4. We do not recommend using our Chameleon too much.
