Bouncer-to-Seat Transition Quick Guide

When it’s time to change things up, there’s a bit of know-how that goes a long way. We’ve worked with parents like you to make this list of little help-you-outs while transforming your bouncer into seat mode.

1. Flip it over and find the orange safety lock to perform this parenting magic trick:
   Slide lock button forward and squeeze handle. Hold that squeeze...

2. Push bar down and rotate. Ta da! Presto Change-O!
   Let’s lock it down - you’re not done until it’s locked into base.

3. Start attaching fabric at one end and fasten til finished.

Hope this little guide helped lead you to a happy parenting experience. If you need more help don’t hesitate to reach out.
