# SOLARIA

B E R N H A R D T

Defined by the beauty of simplicity, Solaria combines the clean lines of minimalism with layers of texture in a tonal palette of washed natural hues. Unadorned profiles are built with flawless craftsmanship, combining wire-brushed oak, stone and chiseled surfaces with rustic cast aluminum. The look is refreshing and uncluttered, building on modernist style with an elevated aesthetic and tactile wood grain. Geometrics and smooth surfaces offer hints of Bauhaus influence, while shearing adds warmth and softness. Innovative use of space and form lend subtle definition and drama to weightless open frames, floating shapes and an expanded headboard. Materials find the light in pale shades of limestone, sand, bone and wheat with understated contrast. The collection is sophisticated, but relaxed and unpretentious with an elemental, reflective purity.
