PRADO

B E R N H A R D T

Prado combines bold structure and contemporary design with classical elements in a novel approach to modern rustic. Textural finishes and hammered metal add depth and dimension to streamlined forms, while the muted tones of concrete soften geometric profiles. Coffered surfaces find harmony and subtle drama in the repetition of form, resembling the iconic ceilings in the Prado in Madrid. Monolithic pieces suggest an architectural influence, giving the collection a cool, timeless vibe. The look has a curated feel, merging unexpected genres with an elevated aesthetic and molding the idea of modern rustic into a new form.
