

# PREDATOR WIFI

PREDATOR WIFI VIDEO  
WiFi / 3G Video Intercom

Simple setup by mobile phone. Connect to the system video directly through your phone's wifi, enter the pass code for the home hub wifi and your devices are connected.

View the gate/door any time with monitoring mode!

Open gates with your phone.

## PREDATOR WIFI VIDEO

- Speak to, and see your visitor from your smart-phone.
- Easy wireless connection to existing home wifi.
- Long range directional patch antenna at gate (up to 200 yards)
- Can call up to 4 devices at the same time.
- Get a video call from your gate / door even when you're away
- No SIM card, no call charges (data charges may apply when phone not connected to wifi).
- Broadband minimum recommended speed of 10Meg downstream, 2Meg upstream. (upstream capacity is more critical).
