

MAMMOTH

DAMPING
Hydraulic damping

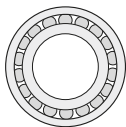

SPRING
Max. opening force
3.5 lbs: ADA compliant

SPEED ADJUSTMENT
Adjustable closing speed

FINAL SNAP
Adjustable final snap

DOUBLE BEARING
Smooth operation of the
gate is guaranteed

RHINO
Prevents the gate from
being forced open with its
built-in gate stop

QUICK-FIX
Easy and fast installation
thanks to our patented
Quick-Fix fasteners

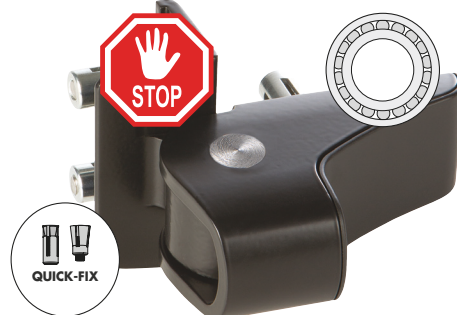

The MAMMOTH is the newest member of the fast growing range of Locinox gate closers. The MAMMOTH is an all-in-one self closing hinge.

The installation is fast and easy with our patented Quick-Fix fasteners. This reduces the installation time to an absolute minimum!

The MAMMOTH is two-way adjustable and can be adjusted up to 3/4 inch in height and width. The damping is always the same regardless of the temperature or weather conditions. The MAMMOTH gate closer comes with our new RHINO bearing hinge.

The double bearing, stainless steel RHINO hinge also doubles as a gate stop and protects the gate by limiting the opening angle to a comfortable 110°.

EASY INSTALLATION

- Easy and fast installation with only 7 QUICK-FIX fasteners. (5/8" holes)
- Easy adjustment of speed and final snap with Allen hex key
- No need to use separate hinges
- Possible to adjust up to 3/4 inch horizontally and vertically

ROBUST

- Suited for gates up to 330 lbs
- Industrial quality with distinctive design
- Temperature independent patented damping system

CONVENIENT

- Closing speed fully adjustable
- Closing force adjustable
- Final action, snap closed or smooth, is adjustable
- Bearing hinges: smooth operation
- Built in gatestop in the included RHINO hinge
- Max. opening force: 3.5 lbs. Meets ADA requirements

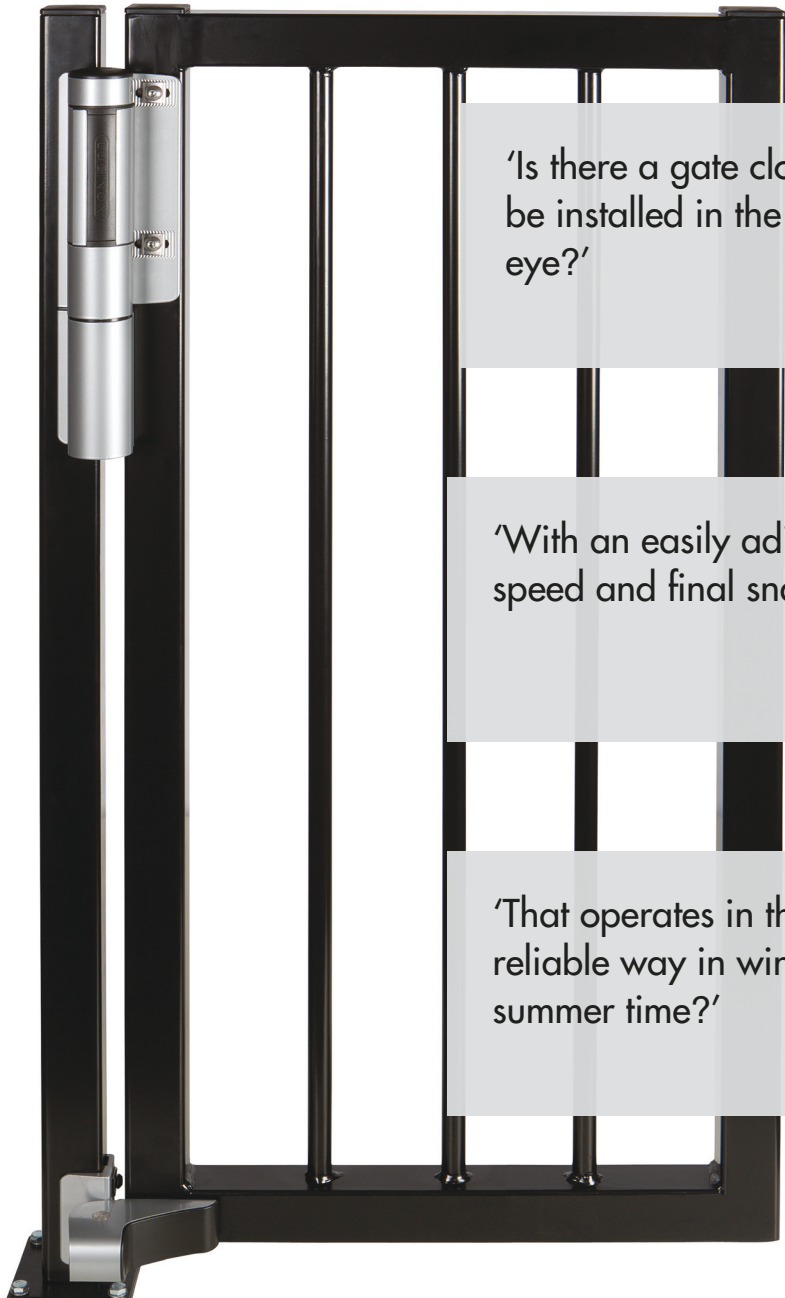

FLEXIBLE

- Applicable to metal, wooden and vinyl gates
- One solution for every situation
- Left or right handed installation
- Available in black (RAL 9005) or silver

MAMMOTH

Self-closing hinge set

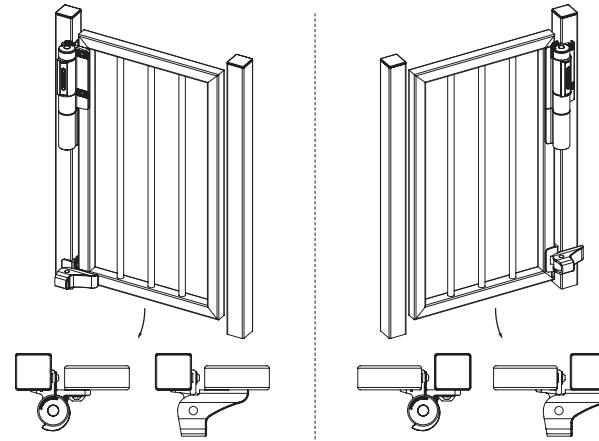

'Is there a gate closer that can be installed in the blink of an eye?'

'With an easily adjustable speed and final snap?'

'That operates in the same reliable way in winter and summer time?'
