Drunkard's Path - Flower Patch

Finished Size 84 x 84"

Designed by Donna Jordan for Jordan Fabrics

Requirements:

23 Fat Quarters **OR** 268 – 5" Charm squares (7 packs of 40) **OR** 67 – 10" Layer Cake squares

5 ½ Yards solid black for background and inner border

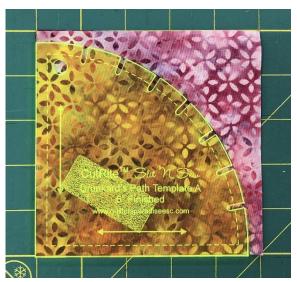

34 Yards solid black for binding

Cutright Slit 'N Sew 6" Drunkard's Path Template Set

6 1/2 yards backing

Cut each fat quarter into 5" squares for patchwork blocks. You need 188 -5" squares for the Drunkard's Path blocks. Set aside 80 squares to be trimmed down to 4 ½" for the pieced border.

From each of your 188 - 5" squares use the convex curved template to cut one piece as shown in the picture below. This is easiest with a 45mm or 28mm rotary cutter. Make a small cut (about 1/8") in each of the slits. This can be done with a small rotary cutter, but I found it to be easier to make small marks with chalk and then to cut each mark with small scissors.

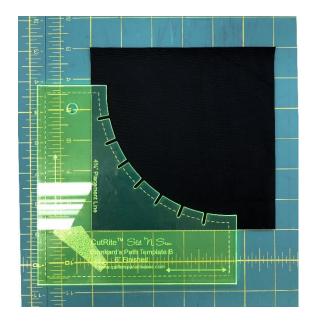

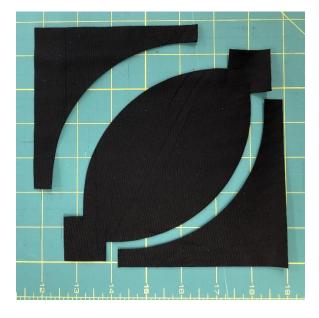

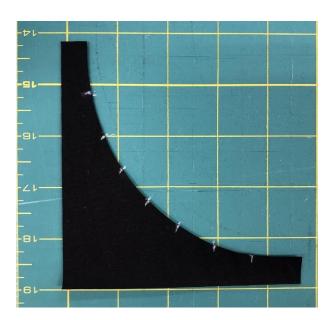

Black background:

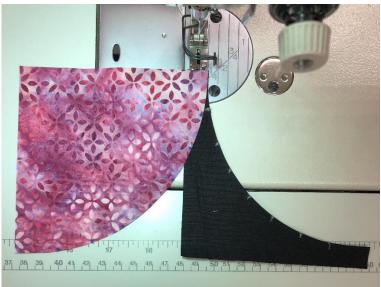

Cut 17 @ 4 ½" WOF. Sub-cut cut 136 – 4 ½" squares.

Cut 16 @ 6" WOF (width of fabric). Sub-cut 94 - 6" squares. Use the concave template to cut two pieces as shown in the picture below. Place the 4 %" placement line along the outside edges of the background square. Mark and cut each of the slits.

Following the instructions that come with the **Cutrite** Template Set, place a convex piece on top of a black concave background as shown in the picture above. Slowly stitch using ¼" seam allowance and matching the slits. Press the seam allowances toward the printed convex piece.

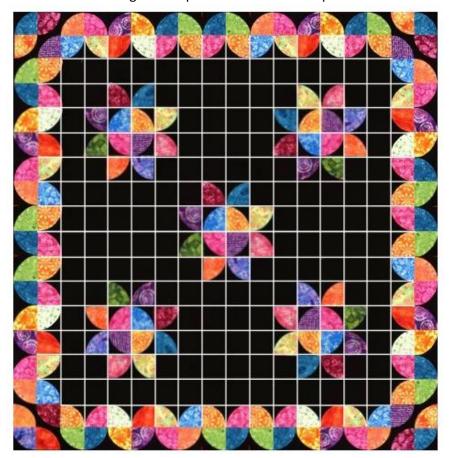

Trim each block to 4 %" square making sure to trim off both sides of the printed convex piece as shown in the picture below.

Lay out the pieced blocks and the black background squares as shown in the picture below.

Borders: cut 8 @ 2 ½" WOF from the black background. Stitch into one long piece and stitch onto all 4 sides of the quilt.

Pieced border: Stitch 19 of the 4 ½" printed blocks into a row. Stitch onto the top of the quilt. Repeat for the bottom of the quilt. Repeat for the side borders using 21 blocks.

Quilt, bind, and enjoy!
