Testosterone gel belongs to a group of medications known as androgens (male hormones). It is used to treat men who have testosterone deficiency. Testosterone is a sex hormone that produces "male" physical characteristics and increases sex drive. Androgel (Testosterone-topical) works by replacing the testosterone that would normally be produced.

Buy Test Boost Canada & Testosterone Boosters Buy test booster in Canada from Supplements Direct Test boosters are a great way to keep your body in a constant state of muscle building, and they're a great way to give your body a kickstart into muscle building if you've been slacking off. <u>over at this website</u>

Androgel (Testogel) is the brand name for a man-made product that can be used to treat men with a testosterone deficiency. It contains the male sex hormone, testosterone. Testosterone is a natural male hormone that decreases with age or for other medical reasons. It is also referred to as Androgen. Taking Androgel (Testogel) increases the male sexual characteristics such as a deep voice. ANDROGEL® is testosterone gel for external use. It is used to treat the impairments in men caused by the insufficient production of natural testosterone by the body. Androgel provides a constant concentration of the hormone in the blood, thus decreasing the symptoms of androgen deficiency, increasing lean body mass while decreasing fat mass, improving mood and sexual function, decreasing bone.

You may report side effects to

FDA at 1-800-FDA-1088. In Canada - Call your doctor for medical advice about side effects. You may report side effects to Health Canada at 1-866-234-2345.
