## Bridal Registry

### OUR PROCESS

Enjoy a one-on-one bridal registry appointment with our bridal consultant, Tyler, in our beautiful two-story showroom. We kindly request that you call or email to schedule a consultation, please allow 2 hours for your consultation. We will help you curate a beautiful registry that speaks to your taste and personality.

### OUR PERKS

We offer a 20% discount on any items that were on your registry, though not purchased. This discount is good for one year after your big day. From dishware to décor, we have unique, beautiful pieces that will be treasured for years to come!

### ONLINE REGISTRY

Your registry is updated online, and purchases can be made either through our website or in-person. Registries are updated as purchases are made so our brides can stay up-to-date with their gifts.

### COMPLETION AGREEMENT

One of the greatest advantages of registering at The Cook's Station is our voluntary Completion Agreement Program. All of our brides have the choice to reserve as many or as few place-settings as they desire! This program is completely optional, though it does ensure your beautiful dishes are in stock when your friends and family arrive to shop. When you sign the completion agreement, you also walk away with a The Cook's Station Gift Bag!

### SPECIAL ORDERS

While we do our best to keep all products on your registry in stock, some items may need to be special ordered; this can take anywhere from 2-8 weeks. Once you receive a gift off of your registry, we will contact you via email that a gift is ready for you to pick up. In the case that an item is out of stock, we will give you the option to either wait for the gift to be ordered OR you can receive a gift card in that item's amount. Please note that all special orders, and seasonal items, cannot be returned.

To avoid excess returns, ensure that your registry only contains gifts you want. If you would like a gift removed, please email Tyler to take it off your registry.
