

6000 SERIES 6PED33 Pediatric Hospital Bed

(FSS#V797D-30167 ITEM#600033)

KEY FEATURES

The Pediatric Hospital bed 6BED33 offers a full range of motion with 3 or 4 motors as well as gas/spring lift for quick trendelenburg positioning. The head board is also fitted with an emergency CPR lift handle to push the backrest down in an emergency. Many optional features are available as well, to include urine holder, O2 holder, 5th wheel, bariatric column motors for heavier capacity needs, nurse lock, light, and usb power. All these capabilities come standard with central locking brake, IV pole, four side rails and lock-in-place lifting footboard to raise the feet to desired position.

OPTIONAL FEATURES & ACCESSORIES

- Removable IV Pole
- Patient Handset For Motion Controls
- Extendable Foot Section
- Backup Battery
- Color Options
- Nurse Control Panel
- Central Locking Break Mechanism
- Side Rail Control Panel
- Three Motors
