# OUR DESIGNERS

Our ongoing passion for design and attention to detail has guided us towards exceptional and quality pieces for all spaces. The overall concept of "Biophilic Harmony" has infiltrated the design and aesthetic of all the furniture throughout this catalog. These amazing designers have created a uniquely uniform assortment of pieces for any and all projects.

## Sergio Vergara G.

*He found his true vocation from an early age when he discovered his passion for design. In 2009 he traveled to Milan where he completed his masters degree in Product Design at the prestigious Domus Academy. His vision of design is to find the perfect balance between function and beauty, between emotion and reason. For him, every detail in each product is fundamental to the integrity of the brand and this has defined his work.*

## Terri Pecora

*Terri Pecora, from Los Angeles, was a former student at Art Center college of Design in southern California and finished her academic work in Milan, Italy in 1990 at Domus Academy. She has taught at Domus Academy, The Istituto Europeo di Design, University "La Sapienza" Rome, Politecnico University of Milan and most recently at NABA in Milan.*

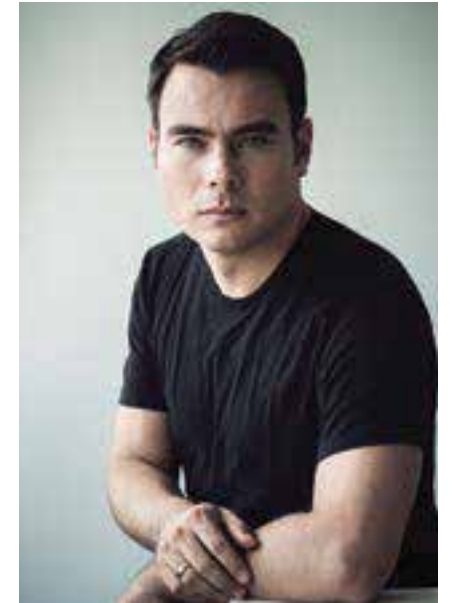

## Mario Milana

*Mario Milana was born in Milan, Italy in 1981. He graduated from the Istituto Europeo del Design of Milan in 2003 with a degree in Industrial Design. In 2014 Mario set up his own studio based in New York and Milan. He bridges the gap between traditional craftsmanship and contemporary design, merging the worlds of the artisan and technology.*

## Rodrigo Torres

*Colombian industrial designer, specialized in product design, with a master's degree in design from the Domus Academy in Milan. Since 2004 he has designed products for important brands and his work has participated in prestigious exhibitions in Italy, Spain and Colombia. He has been a winner of the Lápiz de Acero award and the Red Dot Award.*

## Matteo Ragni

*He was born in Milan in 1972. He graduated in architecture at the Polytechnic of Milan and since 1994 he has a design studio where he has carried out countless projects in the furniture industry. Matteo has won the acclaimed Italian design award Compasso D'oro.*

## Mathias Klotz

*Graduated from the Faculty of Architecture of the Catholic University in 1991, he won the Borromini Architecture Prize in 2001 in the category of architects under 40 years. His work rooted in modern architecture has led him to be perhaps the best known recent Chilean architect abroad. He serves as dean of the Faculty of Architecture of the Diego Portales University in Santiago, Chile.*
