RIBBON —
VINCENT VAN DUYSEN 2015

Ribbon is a fabulously soft textile bed with a young, modern design, using natural materials. Ribbon, by Vincent Van Duysen, marks his debut with Molteni&C. The textile or leather upholstery hooks up to a ribbon, with leather details, that runs all the way round the headboard and bed and serves both a structural and an aesthetic purpose. As in a rosette, the soft and inviting silhouette underlines the familiarity of the object. The tall and softly padded headboard makes it a highly contemporary product, suitable for the most discerning customers.

In case of customer slatted base and/or mattress, check the correspondence of the measurements with the standard ones in the price list.
For the versions with lifting base, please consider a mattress weight limit of 45 kg.
