DESCRIPTION

The iconic Gräshoppa table lamp was first produced in 1948. The tubular brass stand is mounted on a brass base whilst the elongated conical steel shade is mounted with a moveable joint in solid brass, consequently the light can be directional, yet the glare is minimal. The shade is powder-coated and available in 5 colours. Switch integrated in the base.

VERSION - GRÄSHOPPA TABLE LAMP

GRÄSHOPPA TASK LAMP // Designed by Greta Grossman

DK:
 Tillykke med din Gräshoppa lampe designeret af Greta Grossman i 1947. Vi håber du vil blive glad for den.
 Efter et stykke tid vil du måske opleve, at ledet på skærmens bærer kan løse sig løs for overophedning. Dette gøres ved at drøje
 mezzing udbøjelse på billedet ned ad.

Obs: Et uheld at røre skærmens grene vil resultere i en ulykke, da det kan forårsage ulykke.

ENG:
 Congratulations with your Gräshoppa lamp designed by Greta Grossman in 1947. We hope you will enjoy it.
 After some time you may find that the joints on the shade will get loose and needs tightening. This can be done by turning the
 brass nut clockwise.

Caution: Do not rotate the shade repeatedly on its axis, as this might result in malfunctioning.

DE:
 Gratulation zu Ihrer Gräshoppa Leuchte Entworfen 1947 von Greta Grossman. Wir wünschen Ihnen viel Freude damit.
 Bitte beachten Sie, dass sich die Verbindung des Leuchteschirmes im Laufe der Zeit lockern kann und nachgezogen werden
 muss. Drehen Sie dazu die Messing-Mutter im Uhrzeigersinn.
Achtung: Bitte drehen Sie den Schirm nicht mehrmals um seine Achse, dies verursacht einen Defekt.
