Dimming	Phase-cut Dimming / Triac Type
Finish	Black

Technical and Product Description IC Lights S by renowned designer Michael Anastassiades consists of a thin steel frame that twists and bends at an angle. From there, a blown-glass opaline orb delicately balances. The pendant lamp, which casts diffused light, is now available in a brand-new black finish that adds dimension to the stunning collection of deceptively simple designs.

IC Lights S is available in a brass, chrome, or black finish.

Electrical

Voltage	120
Switching	NA
