

atlantis cabana

Adding a dramatic sense of style to any setting has never been easier. The Atlantis Cabana is an impressive combination of TUUCI's distinctive style and customary utility. Topped with a vector vent and flanked with ample drapes in high-performance marine-grade fabric, the Atlantis is built with an Armor-Wall™ aluminum marine alloy frame. It can be secured directly to a deck or in portable bases to create the perfect temporary or permanent outdoor room.

features:

- a. Venice Aluminum Finial
- b. Armor-Wall Mast
- c. Reinforced Strut Joints
- d. Aluminum Construction w/ Stainless Steel Components
- e. Stainless Steel Curtain Rings, Grommets and Clips
- f. Optional Pre-Wired Junction Box

atlantis cabana *in dura-teak finish*

The Atlantis cabana in dura-teak finish takes everything we love about the Atlantis, but goes a step further by using Dura-TEAK™ wood-grain polymer frame construction. This state-of-the-art polymer resin is impervious to saltwater and UV degradation. The result is a frame that looks like wood yet won't rot, peel, rust or crumble and is completely resistant to acid rain for years of little-to-no maintenance. The Atlantis cabana in dura-teak finish can be secured directly to a deck or in portable bases to create a perfect temporary or permanent outdoor room.
