# Hide Side Table

Design by Karoline Fesser

The Hide Table by Karoline Fesser is a Hem hero product. Why? Because this modest piece of furniture is far more necessary and boundless than it might at first seem. The Hide Table can be discreet: tucked under a larger desk or table for additional storage, or sitting quietly in the corner of a room, its back turned to conceal its contents. Or it can be bold: a pedestal and side table for your favorite objects, a punctuation of brilliant color, or an open display for all manner of paraphernalia. The Hide Table is beautifully finished in powder-coated steel and has wheels for easy maneuverability. We have yet to hear from a regretful owner.
