Fact Sheet

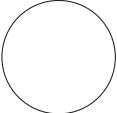

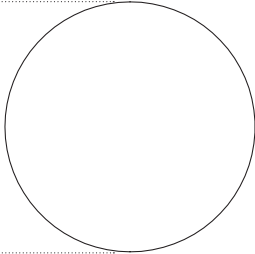

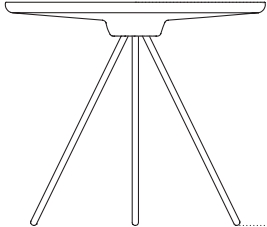

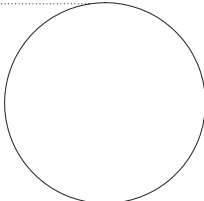

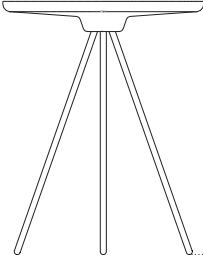

Key Coffee Table & Key Side Table

Design by GamFratesi

The top of the Key Table is turned solid ash or walnut. The simple pleasure of the wood grain, visible even in the black and white lacquered versions, is fundamental to this design. Delicate tripod legs support the tabletop, creating a feeling of airiness and modernity. The Key Table is both light and strong; it is shipped flat-pack and requires minimal effort for assembly (the tripod legs screw smoothly and efficiently into the top). This timeless design from studio GamFratesi suits any interior and works well alone or in a cluster.
