# Max Table

Design by Max Lamb

There can be little doubt that the Max Table is furniture that will endure. Boasting extreme length and made from solid ash, this extraordinary and uncompromising design is closer to architecture than object. Designer Max Lamb was given the brief to make a table so strong and so generous, it could be stood upon. He delivered a design that is monolithic, bold, and consequential. Huge in scale, elementary in form, brilliant in construction, the Max Table (and its partner, the Max Bench) will be your home's centerpiece—the hub around which you and yours gather for generations to come

# Max Bench

Design by Max Lamb

Just like the Max Table, to which this seat is a partner, the Max Bench is a formidable piece of furniture: huge in scale, elementary in form, brilliant in construction, and made from solid ash. Use the bench as it was intended—alongside the Max Table for a fierce dining set—or be unconventional and use it as a monumental stand-alone piece on which to sit, store books, or display favorite possessions. The Max furniture family embodies its name in every way. Created by one of contemporary design's finest talents, Max Lamb.
