

NEW WORKS.

New Works Tea Shelf

Knut Bendik Humlevik

Sometimes the simplest pieces prove to be the most difficult to find, say, the quintessential wall shelf. With understated details and intelligible flexibility, the New Works shelving system aims to be just that. Designed to effortlessly blend into a variety of spaces, this simple shelving system continues New Works' ongoing quest of creating elevated basics. Nothing is surplus and everything has been carefully attended to, like the angular profiles of the wall bars and the integrated bookends that keep your belongings in place. The shelves are neatly assembled with flat knurled screws in stainless steel, adding an honest yet refined detail to the design. A system that is meant to grow - in your home and in range - to accommodate various storage needs.

Safety Precautions

Universal wall plugs are delivered with this product. Always pay attention to your wall type and use the correct plugs accordingly. If you are mounting directly onto plaster walls we recommend seeking professional help before continuing with the installation.

Cleaning & Maintenance

Wipe the product with a soft dry or moist cloth. Do not use any abrasive cleaning tools and never use strong cleaning agents such as household glass cleaner, white spirit, or turpentine.
