Tense Wall Lamp

Panter & Tourron

In their Tense series for New Works, designers Panter & Tourron explore aspects of material tension, giving life to airy and flowing shapes. The dreamy cloud-like shade of the Tense Wall Lamp softly diffuses the light and creates a sculptural feel that suits a wide range of architectural settings. With a softness like fabric and an expression resembling crisp paper, the texture-rich Tyvek diffuser brings in tactility, while offering strength, class 1 flame retardancy, and 100% recyclability. When the light is on, the crinkled texture is accentuated in a delicate exchange of light and shadow. The Tense Wall Lamp comes with an integrated LED light source and a discrete pin switch by the base.
