

Necklace Size Guide

❖ The length of your necklace

The common chain lengths are shown below.

You may choose a custom length that is not shown in the guide for a custom jewelry project.

Tell us the length you want.

by filling out the customize survey on the “Customize” page or emailing info@hanjijewelry.com

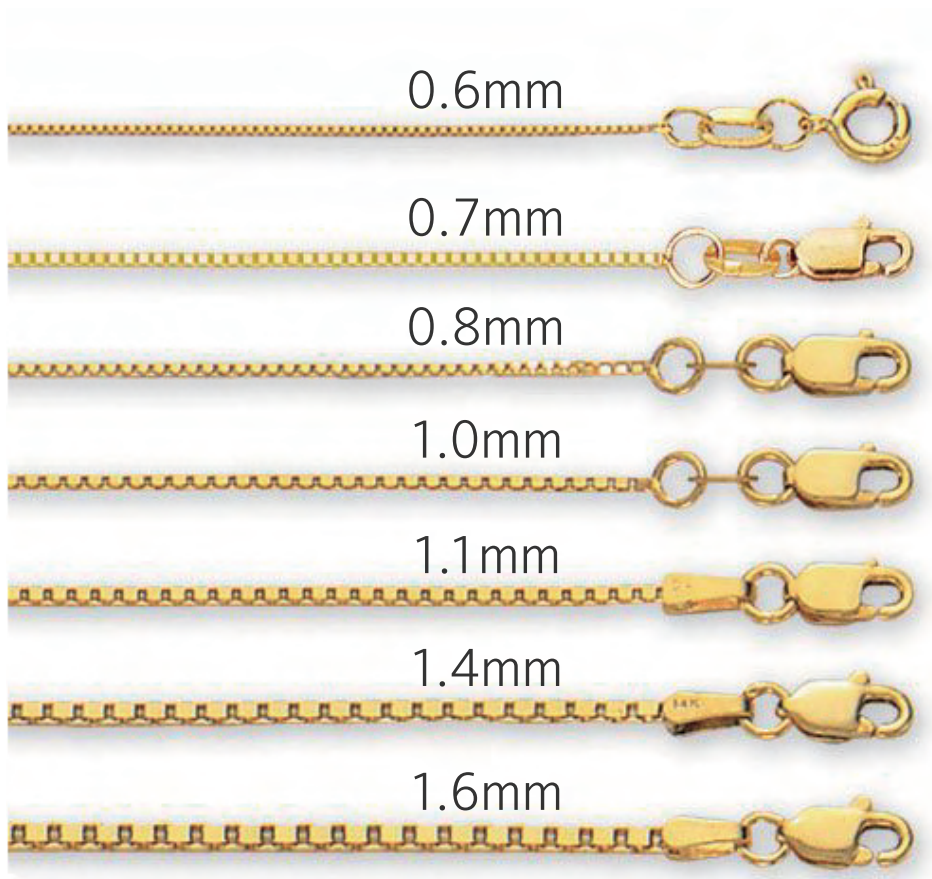

This is a rough guide for reference. How the necklace hangs may vary by necklace styles and by the wearer due to different neck sizes, heights, etc.

Necklace Size Guide

❖ The thickness of your necklace

The chain thicknesses are shown below for your reference.
There is a wide range from 0.55mm to 16mm for you to choose.

This is a rough visual comparison for reference.
How the necklace looks on the body may vary
by necklace styles and by the wearer due to
different neck sizes, heights, etc.

Ask us to see if a certain thickness is
available for your desired chain style.
