

Ring Size Guide

Please print this guide in US letter size (8.5" x 11"). Make sure it is scaled to 100%. Use a ruler to check if it corresponds to the scale on the right.

Option 1: Measure with the HanJi ruler

- ✦ Cut out the ruler on the right.
- ✦ Cut along the dotted slit line.
- ✦ Wrap the ruler around your finger and pull the end through the slit. Please also measure your knuckle. The goal is to find a size that stays on safely and goes off easily.

Option 2: Measure with your ring

- ✦ Match the inside of a ring that fits your finger well to the HanJi ring size chart below.
