

# DAMAGED VERTEBRAE IN LOWER BACK

Dear Warren,

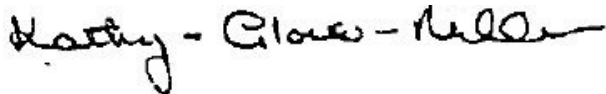

I am writing to tell you of the results I've had after purchasing my Bioptron Light. An accident left me with three damaged vertebrae in my lower back and a trapped nerve in my left hip. The pain was agonizing and debilitating, I relied on crutches for mobility for over a year.

After just one week of using the Bioptron Light morning and evening, the pain literally melted away.

After two weeks the crutches were not needed. Now after five months the damaged nerves and tissues are healing and I have returned to a normal way of life.

The Bioptron is truly Amazing. Thank you so much for introducing me to this incredible healing tool. My family and friends were astounded at my rapid recovery. I have absolutely no hesitation at all in recommending Bioptron to others.

Yours faithfully,
