

SMOOTH LEGS, BETTER CIRCULATION, CHANGE OF LIFE PATH

Dear Bioptron Team,

Thank you for the cellulite treatments (message and Bioptron Light) I received at the Spine & Body Clinic

I am a 39-year-old mother of two and my passion is Latin dancing. I came for cellulite treatment because I was going to dance in a show and I was self-conscious about my legs. At the end of the course I am so delighted with the results not only the smooth legs and buttocks but I now also have much better circulation, I've changed shape and my veins have nearly gone.

Having invested money in myself has made me aware of what I'm worth. This may sound dramatic but it has actually changed my whole life – My attitude toward my health and myself is different. I now look at my whole self. It has recreated an awareness of my self and my well being. I have so totally refocused my life and even changed my career. A lot of this has been due to the forced quiet time I spent lying under the lamp, an unusual luxury.

I would really recommend this treatment not only for the physical results but because you're worth it in a much wider sense.
