

SINGLES

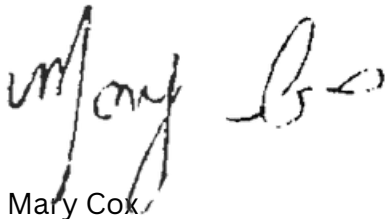

Dear George,

I would like to take this opportunity to thank you for the use of the Bioptron Therapy Light to treat one of my clients who was suffering from shingles.

The results of using the Bioptron light on this client were amazing so much so that this painful condition was cleared up in a matter of three weeks. As you will see from the enclosed letter from my client there is no doubt that the use of the light for treating the shingles did indeed help him to recover much faster than normal

My client is now fit and well and along with him I thank you sincerely for your assistance in this matter and I would have no hesitation in recommending Bioptron to anyone in the health field.

Yours sincerely

Dear Mary

Re: Bioptron Light

This letter is to thank you for the use of the Bioptron Light during the period that I had the shingles.

The Bioptron light that was used on the affected areas of my body certainly helped me recover faster. The light was used twice a day for two weeks and the result was that my shingles had virtually disappeared in that time. During this time I experienced no pain at all. The results of the light was visible almost immediately when it was used.

Once again, thank you for the use of the Bioptron light.

Kind regards
