

YOUNG TENNIS CHAMPION

Attn. Ms. Dobrila Djokovic
Dear Ms. Djokovic,

Thank you for your invitation to supply some information regarding Zepter activity in New Zealand.

Title: "New Zealand Junior Tennis Champion"

Remember this name: Marina Erakovic! In another 3-4 years she will be all over sports news world-wide. And she is not just a future champion, as at the age of under 14 years she already won a New Zealand Tennis Championships (April 2001), both in singles and doubles. Still, her greatest success, the winner of Australian Hardcourt Championships (under 14) came in January 2002. She is proudly presenting her well deserved trophy on the photo.

Competition is harsh, matches often exhausting and injuries happen. Fortunately Biopton and Oxy Spray are always ready for all those sprains, strains, cuts and bruises.

Zepter New Zealand and Biopton will be with Marina all the way to the top. We'll keep you posted."

Kind regards,
Djordje Kondic
