

NOSE, VOICE, SORE THROAT, NERVES

The Bioptron Lamp

I am thrilled with the results of using my lamp.

These are the things I have successfully used my lamp for with my friends and family:

Nose problems

Reduced. No membrane inside the nose led to daily nose bleeds followed by scabs in nose. The nose is now clear and comfortable.

Voice improvement

Inability to speak clearly leading to inability to converse with people greatly Improved by a three-week programme so that people can now understand what is being said. After two weeks of no treatment, the problems returned but with further treatments at Intervals we have now proved that it does make a difference as long as it is maintained regularly.

Sore throat/cold

Several times sore throats have been stopped and no colds have developed.

Pins and needles in hands and arms when driving

Gone.

Numbness on knees

Normal feelings restored

Thank you! So many people have been helped with this machine and now look to it for regular use.
