Charity and fundraising made easy.

Looking to raise funds for your school, club, charity or approved not for profit organisation?
Etch Me can help!

Etch Me is excited to offer you the option of creating your own personalised 20oz stainless steel tumblers.

Customise drinkware is a great way of advertising your event/organisation. We can provide these to you at a discounted rate for you to not only raise funds by on-selling, but you can increase your brand awareness and gain more valuable exposure to potential supporters.

Using precision laser engraving machines, we can engrave your logo or slogan on our powder coated tumblers. This process involves precisely removing the powder coating to reveal the stainless steel below, this creates a permanent mark that will not wear off and also looks snazzy to boot. These quality stainless steel tumblers and will not get thrown out or lost like a pen, business card, tote bag or any other impractical marketing products that are easily and frequently disposed of.

Our 20oz tumblers feature:

304 Stainless Steel

Double Walled Vacuum Sealed

Large Capacity (591ml)

Maximum Temperature Retention

Keeps Hot for up to 12hrs

Keeps cold for up to 24hrs

Premium Magnetic Sliding Lids
