for any unanswered questions

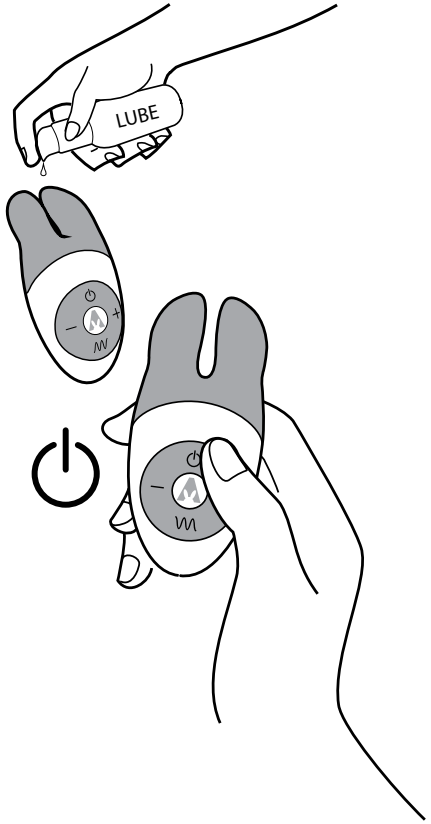
3. Lubricate your rabbit (if needed) with a water based, silicone compatible lubricant.

4. Turn ON your rabbit by pressing ⏻

5. To change the vibration intensity, press and release + and —

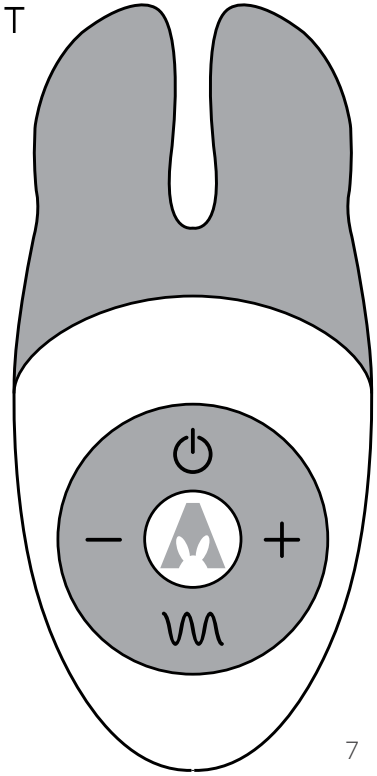
6. To change the vibration pattern, press and release ∿

7. Press the ⏻ button again to off.



CONTROLLING YOUR RABBIT

- To turn the item ON press ⏻
- Press and release + to increase vibration intensity
- Press and release — to decrease vibration intensity
- To change the vibration pattern, press and release ∿
- Press the ⏻ button again to off.



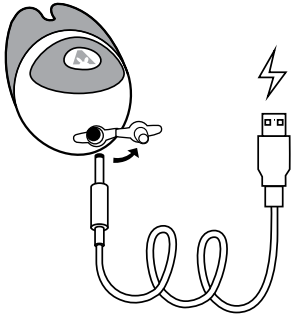
CHARGING

• Insert the charging plug in the designated charging area

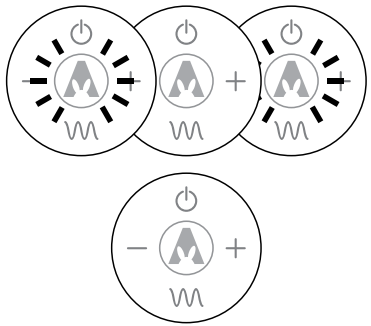
• Flashing light indicates item is charging

• Solid light indicates item is fully charged

• Rabbits require approximately 2 hours for full charge



Flashing Light = Charging



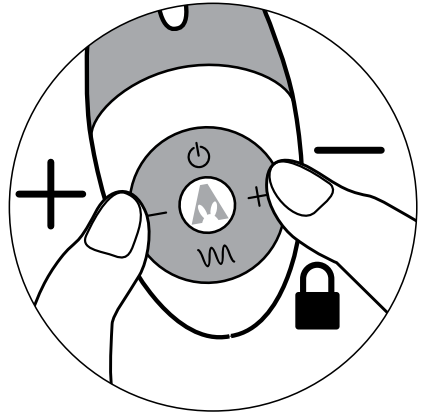
Solid Light = Fully Charged

TRAVEL LOCK

• All rabbit items include travel lock for safe and convenient travel

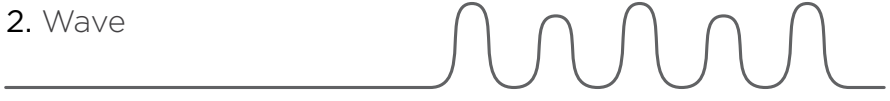
• While the rabbit is powered OFF, simultaneously press and hold the + and — buttons for 3 seconds. Flashing light will indicate the item is locked.

• To unlock simply press and hold the + and — again for 3 seconds. Flashing light will indicate lock is disabled.

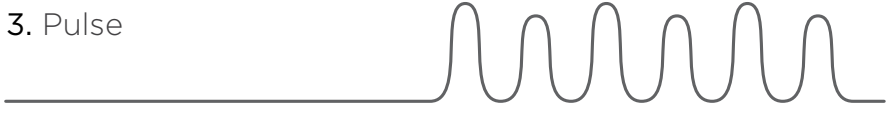


1. Constant

2. Wave

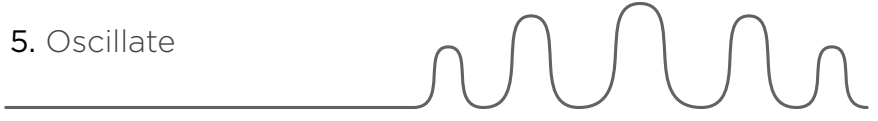


3. Pulse

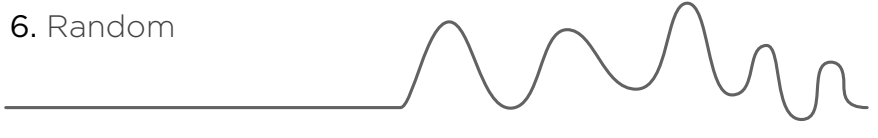


4. Ascend

5. Oscillate



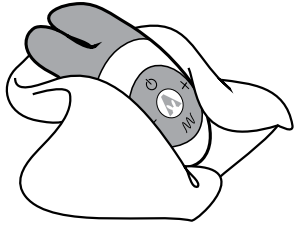
6. Random



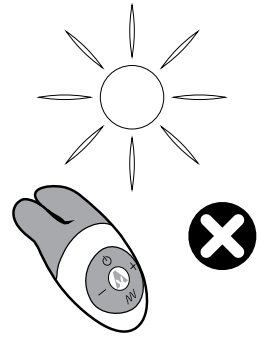
1. Always clean your Rabbit thoroughly before and after each use.

2. We recommend using a premium water-based lubricant when needed. Silicone-based lubricants are not recommended and can cause damage to the product. Never use hand cream, or massage oils as lubricants for your intimate areas.

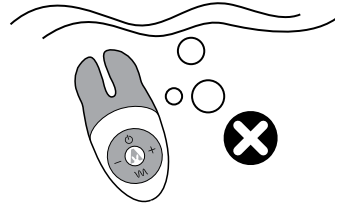
3. To properly clean your rabbit, use a suitable silicone-compatible toy cleanser. If this is not available, wash the silicone area of your rabbit with luke-warm water and an antibacterial soap. Rinse clean and pat dry using a lint-free cloth or towel. Do not use cleaners containing alcohol, petrol or acetone.



4. Avoid leaving your rabbit in direct sunlight and never expose it to extreme heat.



5. Waterproof function: The rabbit is not intended for extended or excessive submersion. After use in the bath or the shower, make sure to completely and throughly dry before storage. For best product performance, limit bathtub use to 15 minutes. Excessive or prolonged underwater exposure can lead to damage or failure of the product.



SPECIFICATIONS

Materials	Body Safe ABS / Silicone
Size	104 x 50 x 32.5 mm
Weight	80 g
Battery	Li-ion 320 mAh
Charging	2 hours
Use Time	2 hours
