

LIGHTFOOT

2022 Pinot Grigio

The Wine

Winemaking

This wine is a blend of Estate grown fruit, and fruit sourced from northern Victoria. It was made to be in the Pinot Grigio Style. Harvested early and fermented cool, the majority of the wine was made in stainless steel tanks to preserve freshness and fruit flavour. The other portion was fermented in old seasoned oak barrels to provide some texture and mouthfeel to the wine. The result is a complex and fine styled Pinot Grigio.
