## DESCRIPTION

The Champion Power Equipment CPG4000E1 portable petrol generator is powered by a 7.5hp 224cc Champion single cylinder, 4-stroke OHV engine that produces 3000 running watts and 3750 starting watts.

With a 14.4 litre fuel tank this unit can run up to 12 hours at 50% load.

This powerful and reliable generator is fitted with a 12V battery charging outlet and 230v and 110v sockets\*.

Our OHV engine is equipped with a low oil shut-off sensor and designed for long life and easy maintenance. This unit is ideal for RV's, camping trips, hunting, travelling, jobs around the house, or home back-up power during emergencies.

\*Please note: 110v provides approximately 40-50% lower output (watts) than 240v.
