SPECIALTY COFFEE

# A KINDER SOURCING IS POSSIBLE

PUSHING VALUE UP THE SUPPLY CHAIN

For us kindness is not possible without active efforts to do better. Our sourcing is also part of that belief.

About 8% of total cost of a cup of coffee goes to growing/exporting stages (source Specialty Coffee Association, SCA).

Typically, producing countries receive little to no profits after the exporting stage... We aim to change this and return as much of the economic benefits of our business to Colombia as possible.

Current vendors: roasting partner, product packaging, e-commerce/to-go bags, glasswares, chocolate complementary products and marketing services... on average this represents roughly 14% of the total cost of a cup of coffee per SCA.

KINDNESS    SOCIAL JUSTICE    HARMONIOUS COOPERATION    SUSTAINABLE SOURCING
