

RING SIZE GUIDE

FIND YOUR PERFECT RING SIZE

This is how to measure your ring size accurately:

- Measure your finger in the evening.
- Do not measure your finger in extreme heat or cold.
- Keep in mind that your fingers are not exactly the same size on each hand.
- Make sure the ring can move comfortably along the entire length of your finger in your chosen size.
- To measure your finger, use a tape measure in mm; this measurement corresponds to the size of the ring.
- We advise you to download and print our Monards Ring Size Guide (please ensure that the scale is set to 100% when printing).

FINGER CIRCUMFERENCE IN MM	EUROPE	UK	USA	JAPAN
46	46		3 3/4	6
47	47	H 1/2	4	7
48	48	I 1/2	4 1/2	8
49	49	J 1/2	4 3/4	9
50	50	K	5 1/4	10
51	51	L	5 3/4	11
52	52	L 1/2	6	12
53	53	M 1/2	6 1/4	13
54	54	N 1/2	6 3/4	14
55	55	O	7 1/4	15
56	56	P	7 1/2	16
57	57	P 1/2	8	17
58	58	Q 1/2	8 1/4	18

67	67	X 1/2	11 3/4	27
68	68	Z	12 1/4	28
69	69	Z 1/2	12 1/2	29
70	70		13	30

RING SIZE GUIDE

HOW TO MEASURE YOUR RING WITH OUR MONARDS SIZE GUIDE

1. Print the size chart.
2. Use an existing ring and position it over the circles to determine the diameter that corresponds with it.
Note that the inside circumference of the band should align with the outside of the circle.
3. If your ring is between two sizes, we recommend opting for the bigger one. Alternatively, you may contact our jewellery specialists at info@monards.com.au for more information or visit our boutiques.

If you want to know the corresponding sizes, please refer to the previous page.

If you require any additional advice, please drop-in our boutiques where our team of jewellery specialists are happy to help.
