

## Red wine “Supertuscan” vintage 2020

**Great taste, great impact.** Discover our delicious biodynamic red wine and preserve the beauty of the oceans. For every bottle of wine, we remove and recycle 1kg of plastic and waste from rivers in Cambodia and Indonesia that flow into the ocean.

With a constant focus on sustainability and pure enjoyment, this wonderful wine was created at the award-winning Avignonesi winery in sunny Tuscany.

Montepulciano, Tuscany

50% Sangiovese, 25% Cabernet Sauvignon,  
23% Merlot, 1% Canaiolo, 1% Syrah

Aged for 18 months in stainless steel and  
Slavonian oak barrels and barriques

Created in harmony with nature.  
Fermented on its own yeast.  
Biodynamically certified.  
Vegan & no additives.  
With minimal sulphur content.  
No conventional filtering  
(only very light filtering).

A versatile young red wine with a ruby red color and a bouquet characterized by inviting aromas of ripe cherries, blueberries and sweet spices. The taste is medium-bodied, fruity and smooth with a long, dry finish reminiscent of undergrowth. Alcohol content: 14% alcohol. Ideal drinking temperature: 16 - 18 degrees.
